

# How to add a Legacy Contact using an iPhone

- 

1 Go to the settings app on your iPhone.
- 

2 At the top of the screen, tap your Apple ID name.
- 

3 Tap Password & Security or Sign-In & Security
- 

4 Scroll down and tap Legacy Contact.
- 

5 Tap Add Legacy Contact. You may need to authenticate with Face ID, Touch ID, or your passcode.
- 

6 Select the person you want from your contacts. You can add more people if needed.
- 

7 You'll be given the option to send them an access key via messages or print a copy.
- 

8 Make sure the contact saves the access key securely. It's required to access your data.
